

Our Famous Victory Mixture of **DARWIN TULIPS**

● The firm of Max Schling Seedsmen, Inc. was undoubtedly the first in the field to present to the American gardening public the facts concerning the all around excellence of American Grown Tulips.

● Since 1940 the demand for these has grown almost as great as the Pre-War demand, and last year we actually sold more Tulips than ever before, and the records go back 35 years.

● In view of the fact that supplies are one-third of our former imports, this fact attests to our ability to supply ample quantities of high quality bulbs in years when they have been reported as "scarce" and "unobtainable."

● With proper care, these tulips can be an investment in beauty for many years.

● All of our finest varieties are blended in this beautiful mixture.

— PRICE —

50 Choice, first size bulbs.....\$4.25 postpaid

100 Choice, first size bulbs..... 8.00 postpaid
